

Remarks

The Office action states that the application as filed contains claims directed to the following inventions:

- I. Claims 1-6 and 25-31 are drawn to a product.
- II. Claims 33-36 and 37-40 are drawn to a process for making the product.

The Office action states that the inventions listed in Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features.

Applicants elect, without traverse, to prosecute claims 1-6 and 35-31 at this time, which are directed to Invention I. Accordingly, claims 33-36 and 37-40 are withdrawn herewith.

Applicants respectfully submit that the application is now in proper form for examination and favorable consideration. The Examiner is invited to contact the undersigned attorney for Applicants to discuss any outstanding issues.

The Commissioner is authorized to charge any required fees, including any extension fees, or credit any overpayment, to Goodwin Procter LLP Deposit Account No. 06-0923.

Respectfully submitted,

Date: April 14, 2008
